## **STREET CLOSING**

### **William St. – Colfax Ave. to Washington St.**

The City of South Bend has announced that effective Monday, November 26 through Monday, December 10, 2007, William Street from Colfax Avenue to Washington Street will be closed for installation of new water main. North/South traffic will be detoured to use Lafayette Street and Main Street. During the first week, the intersection at Washington Street and William will also be closed.

Some delays may be expected during rush hours. To avoid any possible delays, using an alternate route is recommended. Motorists are reminded to observe all signage and to please use caution when driving through the restricted area. We remind motorists that this is a Work Zone area and to please use caution to ensure safety of the crews working in the construction area.
